

Tyson Refrigerated Processed Meats, Inc.

August 6, 2012

To Whom It May Concern:

It is with great pleasure that I recommend Trilogy Solutions Construction LLC.

Trilogy's personnel have always displayed a high degree of integrity and responsibility, from their Sales team to their Project Managers and crew, and sub-contractors; all dependable and proud of their work.

In a very recently completed project, in addition to being on time and within budget, they provided us with excellent customer service, quality workmanship, and very competitive pricing. I would describe my experience with them extremely satisfactory.

I have no doubt Trilogy Solutions Construction would be an asset to any organizations' select group of contractors, and I am happy to give them my wholehearted endorsement.

Sincerely,

Jesus Barajas  
Materials Manager
