To Whom It May Concern:

It's been a pleasure working with Trilogy Solutions Construction. I have personally known the members of their team for many years and value our relationship. They understand the complexities of working within an occupied environment, making their team very conscientious of the surrounding tenants' sensitivities to the construction zone; trades causing major business interruptions were scheduled before and/or after hours. I highly recommend Trilogy for their quality of work, consistency and reliability to get the job done at the cost provided, and professionalism. I'm certain your experience will be as good as mine.

Sincerely,
