

This letter is sent as a recommendation in regards to Trilogy Solutions Construction, LLC. Trilogy is our main contractor on all of our capital improvement projects with in our facility.

Their work and attention to detail, logistics and keeping with in the agreed time line are excellent. Trilogy's equipment and crews are among the best. Their knowledge and experience, combined with Flexibility make their company very easy to work with. Their pricing on any of the projects that I have had them quote was usually the lowest or right in line with all of the other contractors.

We look forward to a continued relationship with Trilogy and would certainly recommend their firm to any business looking for a quality company.

Yours truly

A handwritten signature in black ink, appearing to read 'Shaun Hogan', with a long horizontal flourish extending to the right.
