

# METTLER TOLEDO

To Whom it may concern

Re: Letter of Reference

METTLER Toledo has built its reputation on quality equipment and services. We are a 2.2 Billion dollar fortune 1000 company and stake our reputation on our support from our Sub Contractors.

Trilogy Solutions has continued working with METTLER Toledo for the Past 5 years of business. They have scoped several projects for our company and continue to this day. They are METTLER's Premier General Contractor for construction work in the Houston Texas market.

Trilogy's quality of work, along with the can do approach. Has made us a success in the Heavy capacity vehicle scale market through out the Chemical and Commercial industry. They are trained to do the job no matter how small or how large of a project.

There project management has been very helpful in relying on getting the job done on time!

Just to name a few customers they have worked with us at. Shell Lubricants, Huntsman Chemical, Republic /Allied Waste Services, Sekisui Chemical, Occidental Chemical, Kinder Morgan and Stolthaven Terminals.

If you should have any questions to ask? Please feel free to contact me at your earliest convenience.
